### **Wonderlic Testing Information**

All applicants must take and pass the Wonderlic Scholastic Level Exam (SLE). Prospective applicants for admission to all diploma and certificate granting programs, with the exception of the Lab Assistant, EKG Technician/Phlebotomist program, must achieve the minimum acceptable score of 13, unless qualified to enter Three Weeks to Success Program (see below for details). Prospective applicants for admission to the Lab Assistant, EKG Technician/Phlebotomist must achieve the minimum acceptable score of 15. Prospective applicants for admission to an associate degree program must achieve the minimum acceptable score of 18. If the appropriate minimum score is not achieved, two re-tests may be given using an alternate test form. The Three Weeks to Success Program is not available to prospective applicants for the Lab Assistant, EKG Technician/Phlebotomist program or for associate degree programs.

The Wonderlic requirement is waived for students possessing an associate degree or higher from an accredited U.S. school. Degrees from non-U.S. schools must accompanied by an evaluation from a third-party, professional document evaluation service that clearly identifies the document's equivalence to a U.S. credential and approved by the campus director.

Note: The President has the discretion to waive minimum score requirements for the Wonderlic exam as deemed appropriate in his judgment. In such cases the President may require additional information from the student which may include but is not limited to the form of an interview, written statement, and/or other means of explaining the student's extenuating circumstances and/or demonstrating their aptitude for the program.
